JORGE MITRI
FULL-STACK DEVELOPER

INTRODUCTION

I'm a full-stack web developer specialized in the front-end side. Most of my studies have been self-taught and fine-tuned while studying in college, making me proficient in organization and time management. I love applying new knowledge on personal and professional projects, and enjoy sharing what I know with friends and classmates.

PERSONAL DATA

Age: 21 years old
Civil Status: Single
Profession: Computer Engineer
E-mail: mitri.dvp@gmail.com
Country: Venezuela
Website: mitri-dvp.com
Github: github.com/mitri-dvp

SKILLS

- HTML
- CSS/SCSS
